

THREOD TETHERED KX4-LE TITAN UAV

MILREM ROBOTICS TheMIS UGV

PERFORMANCE

10h operation time
Up to 80m tether

ADVANTAGES

Persistent surveillance and
reconnaissance

Live reporting tool with
geo-referenced imagery

Missions in dangerous terrain
environments

KX4-LE TITAN TETHERED

Lift capacity 4 kg
Modular design

Plug and play multi-payload

Fully autonomous or first-person
view flight mode

TheMIS

Open-platform design
Rapid reconfiguration

Low noise signature

Multi-mission capable
Robust and reliable
